A contact lens fitting includes:

- ⇒ Evaluation, fitting, and contact lens prescription by the doctor
- ⇒ Contact lens training and handling for first time wearers
- ⇒ If contact lens fitting is not successful, physician fees will still apply
- ⇒ If an additional visit is needed after one month, a fitting fee of **\$75** will apply

Ordering contact lenses:

- ⇒ You may order contacts through our office or we can give you your prescription to order elsewhere.
- ⇒ Contact lens companies require an exam once a year in order to dispense contacts. Please schedule accordingly before running out of contacts!

Our Policy: The contact lens evaluation is a stand-alone service. It is separate from the patient exam, testing and/or refraction (which is also a non-covered service) and we do not submit to your health insurance. The fee is collected in addition to any copay/ deductible that is due for the eye exam without contact lenses.

I have read and understand the above agreement.
